I work until 5pm, I can be there by 5:40pm. If that works for you?

Hi. Could you stop by the trailer today? I would like to discuss in person.

Eric,

Hope all is well with you, we did receive your email stating that the project is over for this year and that you will be moving all your equipment and trailers by the 11th. There is no hurry we do not have any immediate plans for that land but we do have another question.

Will the work of removing the parking lot and clearing the land and planting grass as we discussed in the beginning be done this year, next year, when the project is funded again or should we just go ahead and clear and plant ourselves?

I have a meeting this Wednesday where I have to give an update and if you could get back to me before then it would be appreciated.

Thanks.
